

Bio for Mark W. Joffer, PE

Mark Joffer is President of Premier Engineering, inc., an Electrical/Mechanical Consulting Engineering firm with offices in Parker, SD and Sioux City, IA. Mark grew up in Parker, SD and graduated from Parker High School in 1980. From there, he went on to attend SDSU and received his BSEE degree in 1985. Mark began his engineering career in 1986 as an Electrical Design Engineer for Interstates Electric & Engineering in Sioux Center, IA. Mark joined West Plains Engineering in Sioux Falls, SD in 1991. In 1997 he started Prime Engineering, inc. which has now evolved into Premier Engineering, inc. Mark holds a South Dakota State Electrical Inspector's license, and is a registered Professional Engineer in 10 states.

Mark and his wife Lisa have 5 children (Amberley, Heather, Jennifer, Reid, and Joseph) and live on an acreage just outside of Parker. As an active member of his community, Mark has served as City Councilman, Mayor of Parker, and as President of the Parker Development Corporation. Mark is still an officer of the Parker Development Corporation and is Cub master of the local Cub Scout Pack. Mark and Lisa and family are members of Grace Lutheran Church in Parker where Mark has served as church council member and Church treasurer.

In his spare time, Mark enjoys classic cars, tinkering around his acreage, being involved in community events, and spending time with his family.

Mark is excited about his first term on the SDEC Board of Directors and looks forward to getting to know more of his fellow members in the electrical industry.
